Integrated Payor Solutions

	IPS	Competitor
Implementation Speed and Ease	✔ IPS ensures fast, seamless implementation of Encompass+, which is crucial to minimizing downtime. IPS' efficient onboarding and API setup keep clients on track, getting them implemented in 90-180 days.	✖
Cost Transparency and Value	✔ IPS' pricing model is clear and all-inclusive, without hidden fees for essential features like historical data migration or API integrations. Not only that, but IPS doesn't get paid until your implementation is complete.	✖
Customer Service and Responsiveness	✔ IPS clients can expect calls and emails to be returned quickly, ensuring that clients' needs are always addressed.	✖
Comprehensive and Customizable Solutions	✔ While competitors may charge for additional services or struggle with complex integrations, IPS delivers everything in one streamlined system built on Salesforce.	✖

Don't Get Left on Hold by Your Claims Administration Platform

Your time is valuable. Don't get stuck waiting on a very bad administrative platform to do the job. IPS gets you up and running in no time, so instead of waiting around, you can take the market by storm.
