

# Tired of Delays and Hidden Fees in Your Claims Admin Platform?

## Discover Why Industry Leaders Choose IPS and Encompass+

Your implementation timeline is dragging. Calls aren't returned. APIs aren't set up. As clients grow frustrated, how much are delays really costing you?

At IPS, you'll never need to know—we're on your time.

### Discover your advantage with IPS' industry-leading solution, Encompass+.

Workflows today can be prone to errors and backed up by security issues and implementation hassles. Encompass+, our transformational cloud-based claims administration solution, eliminates the need to worry or wait. Powerful, flexible, and secure, Encompass+ is here to power your payor or network business.

	IPS	Competitor
Implementation Speed and Ease	<p style="text-align: center;">✓</p> <p>IPS ensures fast, seamless implementation of Encompass+, which is crucial to minimizing downtime. IPS' efficient onboarding and API setup keep clients on track, getting them implemented in 90-180 days.</p>	✗
Cost Transparency and Value	<p style="text-align: center;">✓</p> <p>IPS' pricing model is clear and all-inclusive, without hidden fees for essential features like historical data migration or API integrations. Not only that, but IPS doesn't get paid until your implementation is complete.</p>	✗
Customer Service and Responsiveness	<p style="text-align: center;">✓</p> <p>IPS clients can expect calls and emails to be returned quickly, ensuring that clients' needs are always addressed.</p>	✗
Comprehensive and Customizable Solutions	<p style="text-align: center;">✓</p> <p>While competitors may charge for additional services or struggle with complex integrations, IPS delivers everything in one streamlined system built on Salesforce.</p>	✗

## Don't Get Left on Hold by Your Claims Administration Platform

Your time is valuable. Don't get stuck waiting on a very bad administrative platform to do the job. IPS gets you up and running in no time, so instead of waiting around, you can take the market by storm.
